"Changing Smiles Everyday"

A Message From Dr. Scott

Well, once again summer has come and gone. As some of you know this was a challenging summer for me. For those of you who don't know, I broke my foot in June while walking. I appreciate your understanding when my foot slowed me down. I really enjoyed your guesses for the exciting life I lead. I wish I had done all the skiing, rock climbing, kickboxing etc. but then I wouldn't have had the time to be a dentist. Thanks for all your support and sympathy.

It's hard to believe that soon the holidays will be here and then the New Year will start over again.

At this time of year we start looking forward to hosting the Giving Tree. We really enjoy being part of this wonderful experience.

I wasn't able to be part of the Watermelon Festival this year. I do want to thank Kelly and all her committee members and volunteers who worked so hard putting it on.

As a reminder, if you have any dental

insurance left don't let it go to waste. If you have any questions about your insurance or treatment needs, please call and talk with Kelly or Tina.

I also want to express my appreciation for the wonderful staff I have. They really stepped up to the plate this summer. I know I could never have managed without them. Thanks to a great group of caring people who are definitely in the right profession.

Wishing everyone a great fall.

Virginia Scott, D.D.S.

New Hours at Pardeeville Family Dentistry

As of October our office has decided to go to early bird hours. That is Monday-Thursday 7A.M. to 3 P.M.

We are trying to accommodate people's busy schedules with these hours. Hopefully this will allow you to come in before your day begins and will free up your busy afternoons. With so many of you with children involved in after school events we feel this will be a worthwhile change.

Unused Dental Insurance!

For most patients with dental insurance, the end of your calendar year is approaching fast. For your yearly insurance benefit it's use it or lose it.. Unfortunately, your benefit does not roll over to the next year.

If you have needed treatment and want to utilize your insurance before you lose it, please call our office. We will

Giving Tree 2010

Dr. Scott and Pardeeville Family Dentistry will again host the Pardeeville Area Giving Tree. Dr. Scott has hosted this project since 2003 and is very proud of the giving response from the Pardeeville area Secret Santas.

People interested in brightening a child's Christmas should visit our lobby starting on November 11th.. We will have the giving tree up with gift tags attached. Our address is 403 W. Chestnut Street in Pardeeville.

Should you not be in a position to shop for gifts we would be happy to accept your cash gifts and shop/wrap for you. You may send your checks to our office clearly marked giving tree gifts.

Any questions call Pardeeville Family Dentistry 1-608-429-3175.

Pardeeville Celebrates The 43rd Year Of The Watermelon Festival

Pictured (above) are Kelly Moulton and Linda Gustrowsky who are team members of Dr. Scott's at Pardeeville Family Dentistry. PFD has been involved with the festival since 2001 and all of the proceeds of the game go to the Wyocena Helping Hands. Laureen Lueck (Helping Hands Coordinator - left) accepts that check from Linda Gustrowsky (PFD Coordinator).

The Job Interview

Reaching the end of a job interview, the personnel recruitment officer asked a young engineer fresh out of Cambridge, "And what starting salary were you looking for?"

The engineer said, "In the neighborhood of \$140,000 a year, depending on the benefits package."

The interviewer said, "Well, what would you say to a package of 5-weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every 2 years...say a red sports Mercedes?"

The engineer sat up straight and said, "Wow! Are you kidding?"

And the interviewer replied, "Yeah, but you started it."

2010 Back-To-School

It was great to see so many students, patients and teachers at the back-to-school night, which was held on August 26th. We hope that every one had a fun filled summer and are ready to hit the books this fall...we

are hoping that during this very busy time that you don't forget your oral health. Make sure your snacks are healthy and that you brush and floss.

Pictured is Sophie Van Wormer who was the winner of the drawing of the battery operated toothbrush....CONGRATULATIONS and have a wonderful year.

Unused Dental Insurance!

(Continued From Page 1)

be glad to answer your questions and schedule you for an appointment before the end of the year. We want to help you receive the maximum benefit from your insurance.

November Whitening Special

It is almost that time of year again when you are thinking of Christmas gifts for other people. It may be fun to treat yourself to an early present with a Brighter-Whiter smile.

During the month of November we will offer you that smile with the purchase of one arch the second will be a gift to you from Dr. Scott. Call to make your appointment today.

Cavity Free Club GOOD JOB!!!

Great big congratulations to all of you who had no cavities last year. Keep up the good work.

Brushing and Flossing is SO important.

July, August, September 2010

Avery Lehr
Congratulations to Avery Lehr. Avery's name was drawn as the winner for the Cavity Free Club.

En Guard!

According to the American Dental Association, more than 2 million teeth are knocked out each year due to sports-related injuries; however, approximately 200,000 high school and college athletes use mouth guards to avoid such injuries.

An athletic mouth guard is a flexible appliance that is worn during athletic and recreational activities to protect teeth from trauma. It is essential for preventing athletic oral/facial injuries, such as broken teeth, jaw fractures, cerebral hemorrhages, and neck injuries. They are also effective at moving the lips and cheeks away from the teeth, thus preventing cutting and bruising of these soft tissues, especially for those who wear orthodontic appliances. Wearing a mouth guard may also reduce the severity of concussions.

For more information and to have a custom athletic mouth guard made for you talk to Dr. Scott at your next visit. This may be the best option in protecting your investment that you have already made in your smile.

Why Are X-rays Recommended?

This is a question that comes up quite often. Some conditions that x-rays can help us detect are: Early decay - Decay between teeth - Decay under fillings Developing permanent teeth or lack there of - Impacted teeth -Supernumerary (extra) teeth - Malocclusion (when teeth do not fit together properly) - Bone loss due to periodontal (gum) disease - Abscess (infection) - Cysts - Tumors - Fractures – Broken or retained roots – and cancer.

If we can locate problems early, we can often eliminate costly dental treatment and emergency situations. This will save you time money and eliminate undesired pain.

Who Could This Be?

We had so much fun with this game in the last newsletter that we decided to do it again...

Forward your guess as to who you think this is to the office by November 15th and your name will be entered in a drawing for five Portage Theatre tickets.....GOOD LUCK!

My guess is _____

My Name _____

Address _____

Phone _____

The winner of the last newsletter contest was Kris Olson and for those of you that entered and guessed Kelly Moulton you guessed correctly.

Hello My Name Is Hannah

Hello, my name is Hannah. I have recently joined Dr. Scott's team at Pardeeville Family Dentistry. I am very excited and look forward to meeting more of you.

I graduated this spring from MATC Dental Hygiene program. I decided to become a Hygienist because after I had braces I gained a new smile. Now, I am confident in sharing how much of a gift it is, to smile and laugh without second guessing the appearance of

my teeth. I wanted to help others gain that same confidence through good oral hygiene. Being part of a great dental team, I can help them reach their smile goals. I enjoy talking with and meeting new people.

In my free time I enjoy spending as much time outdoors as possible, playing softball, riding bike, swimming or just lounging in the sun. Other hobbies I enjoy are reading, cooking and sketching.

Linda's Farewell

I have been given the opportunity of a lifetime to be the Public Relations Coordinator for Pardeeville Family Dentistry.

It has been so rewarding being involved with an organization that is not only a business in Pardeeville but one that gives back to the community in so many ways.

Huns (my husband) and I are going to be making our home in Florida therefore, after one more year of being involved with the Giving Tree I will regretfully be leaving Pardeeville Family Dentistry.

Thank You to Dr. Scott, Alan and the team at Pardeeville Family Dentistry for making my job one that I truly enjoyed doing and will miss.

Linda Gustrowsky
