A Message From Dr. Scott

I know many of you were as eager for winter to be over as I was. I can't remember a March as nice as the one we had this year. When the last big snow pile melted, I thought life is good.

While the snow was here, we worked hard on organizing and learning more about implants. It has been an exciting journey for us to be able to offer this great treatment to patients.

We were also able to attend a very energizing and motivational continuing education course in March. I wish I had half the energy the speaker had. We heard many good ideas to bring back for the office, especially on scheduling appointments from

7 a.m. – 3 p.m. While this will be a challenge for me, (I am not a morning person), the staff and I felt the benefits are definitely worth giving this a try. I know this will be a change for you also, but I ask that you give this a try.

Have a wonderful Spring!

Virginia Scott, D.D.S.

“Changing Smiles Everyday”

Pardeeville Family Dentistry Offers Scholarship

We want all of our valued patients to know that Dr. Scott offers a one-time \$300.00 scholarship for a 2 or 4-year degree or a one-time \$150.00 scholarship for a program less than two years. The scholarship will be awarded to a Pardeeville High School student that has been accepted to an accredited program for a degree relating to the dental health field (also includes secretarial studies, insurance, and scheduling). The scholarship entries will be judged based on academic standing, community service, and school recommendations. So if your child is going into the field of dentistry please check into this opportunity.

Donation Made To Pardeeville Library

As part of our recognition of Dental Health Awareness Month (which is the month of February), Dr. Scott donates 10% of all children's hygiene appointments to the Angie W. Cox Public Library. Linda Gustrowsky (Community Relations Coordinator) for Pardeeville Family Dentistry presents Gary Yurgil (Director of Angie W. Cox Library) a check that represents that amount.

Winner Of Dental Word Search Contest

Congratulations to Amy Peterson. We did have many readers that found all the words... however Amy's name was drawn as the winner. Amy and her family will enjoy 5 Portage Theater tickets.

Finally...

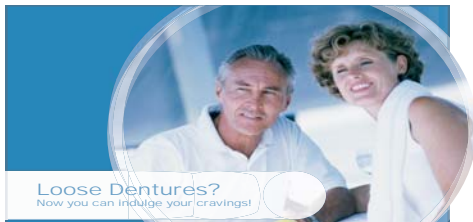

Introducing Sonicare For Kids

Sonicare For Kids uses the same patented technology as the other Philips Sonicare toothbrushes, but with kid-friendly power amplitude for gentle yet effective brushing. Kids using the Sonicare For Kids, brush significantly longer, grip the brush more lightly and use proper brushing techniques. Innovative features offered are:

1. Two kid-friendly power modes ages 4+ and 7+
2. KidPacer lets kids know when it is time to move the brush to a new quadrant of their mouth.
3. Two brush heads to gently clean teeth at key stages.
4. KidTimer helps kids reach the recommended two-minute brushing time.

91% of dental professional parents prefer Sonicare For Kids for use as their children's primary toothbrush.

Dr. Scott Introduces IMTEC Mini Implants

Are you having trouble with your dentures? If you're unable to eat what you want and you're sick of the taste and feel of denture adhesives, have we got a solution for you!

You may think dental implants are too expensive and the healing process too long. But cutting edge technology has now made them fast and affordable.

Mini dental implants can take just an hour-and-a-half. Unlike conventional implants, they involve minimal invasive surgery, no sutures, nor the typical months of healing.

Visit Dr. Scott in the morning and have a mini implant system placed, then go out and enjoy your favorite lunch and eat comfortably. Have a pleasant conversation, eat, laugh and talk with confidence.

Call for your complimentary consultation... 1-608-429-3175.

May Whitening Special

April Showers bring May flowers.....We will also offer our Whitening Special.

During the month of May you can treat yourself to a brighter whiter smile just in time for summer. When you purchase one arch of whitening at the regular price we will offer the second arch to you FREE. Call today you deserve it or if your children are looking for a special gift for you on Mothers Day this may be the perfect gift.

Pardeeville Family Dentistry Food Drive

Leonard Leanna

Pardeeville Family Dentistry conducted its annual food drive during the month of March. We wish to thank all of you for your food and money donations. For every food item donated you were eligible to enter your name in a drawing for a \$50.00 gift card from Piggly Wiggly. Pictured is Leonard Leanna who was the winner of the gift card. Also for any money donations received Dr. Scott matched that amount up to \$500.00.

Pictured is Laureen Lueck receiving a check from Alan Scott.

All food items and money were donated to Wyocena Helping Hands.

How Well Do You Know Dr. Virginia Scott?

Dental Health Awareness Month Presentations

On February 19th 2010 Callie Uthe, Hygienist and Kimber Clark, Treatment Coordinator of Pardeeville Family Dentistry visited Pardeeville Elementary Schools. Presentations included the importance of brushing, flossing and healthy eating habits. Also on that day teachers and staff were dressed in dental scrubs, which was fun for all.

Brianna Brandner

During Dental Health Awareness Month there were coloring and poster/essay contests. Pictured are Brianna Brandner and Nadiya Kirchmeier who were selected as the winners of those contests. They were each awarded a check for \$25.00 to be used for healthy snacks for their class. We at Pardeeville Family Dentistry hope that the day and month were fun and educational and we look forward to 2011.

Nadiya Kirchmeier

The Galileos 3-D Diagnostic System Is At Pardeeville Family Dentistry

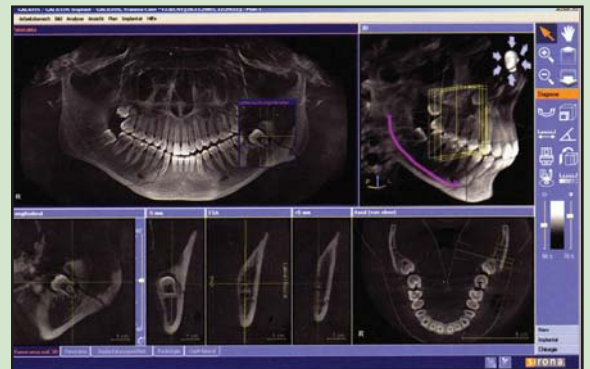

In order to benefit you, we strive to be at the forefront of all the latest advances in dental care....We are proud to introduce the Galileos system.

Benefits...

1. Can create a 3D image of your entire jaw in a matter of seconds... much less time than it would take for you to receive a standard set of X-rays.
2. Allows us to diagnose any problems more accurately and efficiently than ever before.
3. The 3-D scans are far more detailed than traditional X-rays, giving us an in-depth look at your teeth, mouth and jaw.
4. Lets us detect early signs of problems, so that we can treat them before they develop into more serious conditions-which could mean fewer appointments for you in the long run.
5. What's more, these incredibly precise images are created with less radiation than any other 3-D technology-about the same as you encounter on a day at the beach.

Adding the Galileos system to our already available tools insures that we remain on the cutting edge of dentistry while continually providing you with the best most comfortable care possible.

Financial Options At Pardeeville Family Dentistry

We believe that Dental treatment is an excellent investment in an individual's overall health. Some things in life can be put off. Fortunately, quality dental care doesn't have to be one of them.

For a full explanation of our financial benefits, please visit our web site www.pfdtoothtalk.com or call our office for complete information.

1. Cash/Check/Credit Card (Visa, MasterCard and Discover)

2. Prepayment Courtesy. 5% will be subtracted from the total treatment fees over \$1000.00 if paid by cash or check prior to the first scheduled appointment. If there is dental insurance, we will inform your insurance carrier of your payment in full and we will submit the claim as usual. As soon as payment is received you will be refunded.

3. We also offer Third Party Financial Options. No initial down payments. Low monthly payments. Interest free for up to 12 months. Longer financing options available. Call for details.

Blake William Sellmeyer

Pardeeville Family Dentistry welcomes Blake William Sellmeyer.

Blake was born on March 10, 2010. He weighed 7 lbs. 11 oz. and was 19 1/4 inches long.

Blake's mom, Melissa, is a hygienist at Pardeeville Family Dentistry. Melissa and Michael (Blake's dad), make their home in Arlington.
